

DESIGN CRITERIA

1. Related Sections: Section 26 05 00 applies.
2. Nameplates: Provide nameplates to adequately describe the function or use of all disconnect switches, switchboards, panelboards, and the like. Nameplates shall be laminated phenolic plastic with engraved lettering. Provide nameplates for light switches when the controlled circuit is not obvious.
3. Fasten nameplates with screws.
4. Use DeCA Guide Specification 26 05 53 for identification products and methods.
